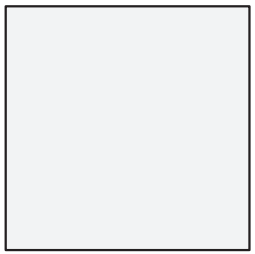
Mario and Luigi Box Builder

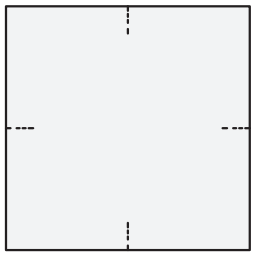
Print out the sheets, then follow the steps below. Kids, ask a grown-up for help!

1



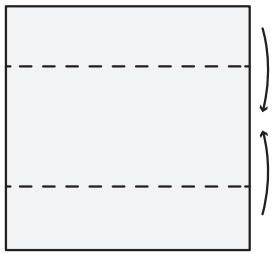
Cut the pieces of paper along the dotted lines to make 6 squares.

2



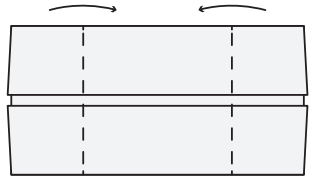
Fold each of the 6 squares in half, then unfold them.

3



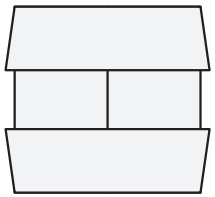
Fold the sides along the bold line to the middle.

4



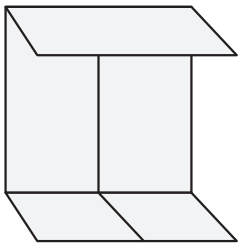
Turn the piece lengthwise and fold the sides to the middle.

5



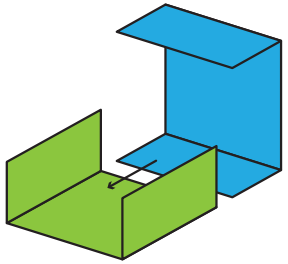
Open flaps at right angles.

6



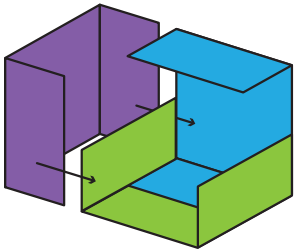
Repeat steps 3-5 with the remaining sheets of paper.

7



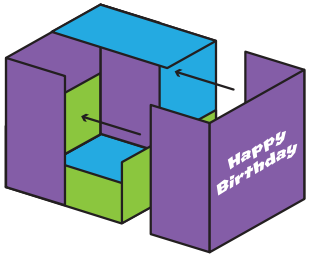
Lay a piece on a flat surface, then stand a piece on top of it.

8



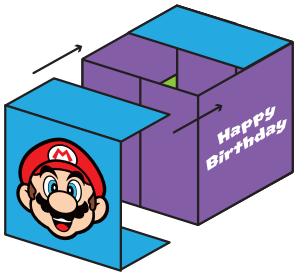
Slide in another piece, making sure the flaps go inside.

9



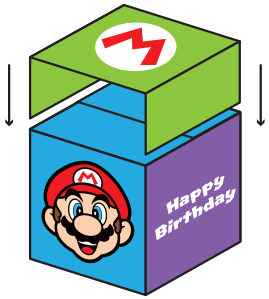
Repeat step 8 on the opposite side of the box.

10



Repeat step 7 on the opposite side of the box.

11



Slide the final piece into place, making sure no flaps are on the outside.

12

Your origami Mario is complete!
